Skills

Programming Languages: C, C++, JAVA, PHP, JAVASCRIPT, HTML5, CSS3

Programming Framework: laravel, Vue.Js.

Additional Skills: Bootstrap 4, Vuetify, Vuex, Pusher, Stripe, Algolia, Photoshop CS6 etc.

Operating Systems: Windows, Ubuntu.

Version Control Tools: GitHub.

Soft Skills: Innovation, Research, Decision Making, Public Speaking, Leadership, Adaptability, and Self-Motivation.

Interest:

I am very much interested in technology. If there is a new phone or laptop or any new technology came out I like to research about it and find out what are the new features and what is the version also the difference between upgraded version and the old version etc.
